SCIENCE AND TECHNOLOGY

SCHOOL OF FOREIGN LANGUAGES

WWW.FLS.EDU.MN

VISION

BUILDING WORLD CLASS ENTREPRENEUR UNIVERSITY

MISSION

MUST WILL BECOME A CENTER OF TALENTS AND SKILLS TO CREATE ENVIRONMENT FRIENDLY SCIENTIFIC AND TECHNOLOGICAL KNOWLEDGE AND INNOVATIONS THAT WILL DETERMINE THE COUNTRY'S DEVELOPMENT PATH.

STRATEGIC GOAL

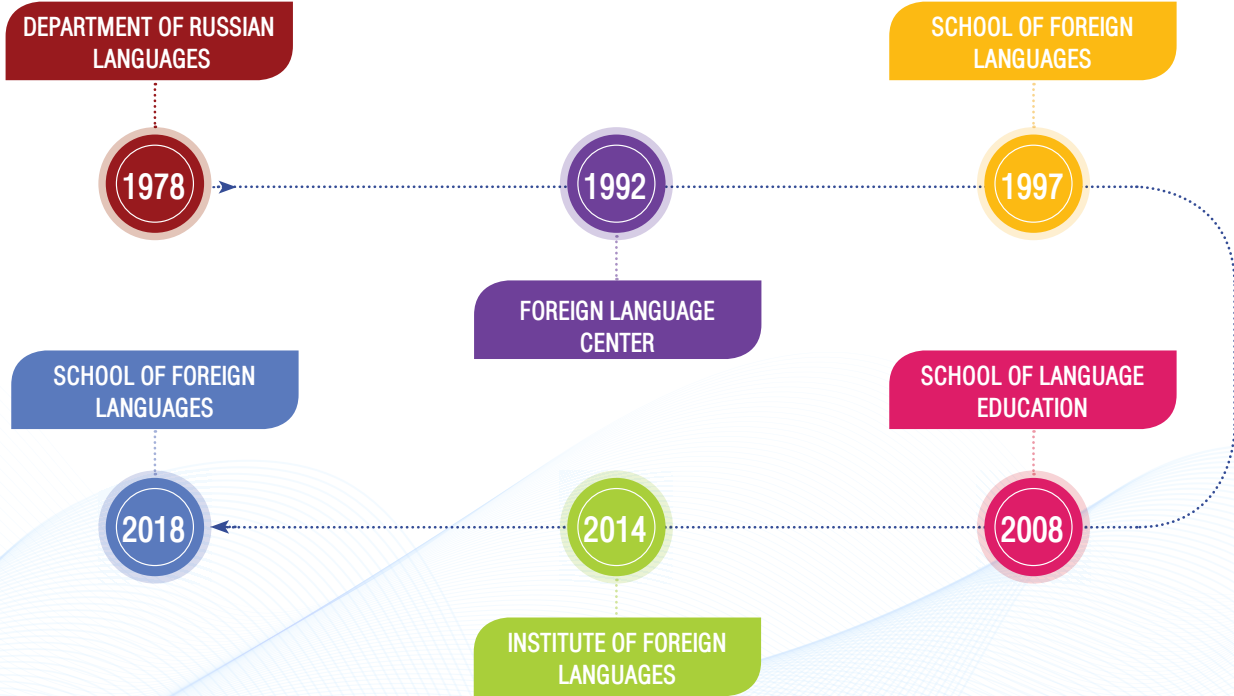

BY 2030, MUST WILL HAVE BECOME ONE OF THE TOP 1000 UNIVERSITIES IN THE WORLD.

MOTTO

LET'S DISCOVER SOLUTIONS CREATIVELY.

HISTORY OF SCHOOL OF FOREIGN LANGUAGES

SCHOOL STRUCTURE

DEPARTMENT

- Department of Applied Linguistics
- Department of English Language
- Department of Asian Studies

ENGLISH ACADEMY

- International English Exams /TOEFL IBT, TOEFL ITP, GRE, GMAT, TOEIC, SAT, PRAXIS, PTE ACADEMIC, JFT BASIC, ACT, ACCA, IELTS/
- English language trainings

RUSSIAN CENTER

- Test of Russian as a Foreign Language
- Russian language training

FUNCTION

- Instructing engineering students in both native and foreign languages.
- Implementing joint program with foreign universities involved language preparation courses in English, Russian, Japanese, Chinese, Korean, and German.
- Preparing Technical Translators and Linguists in bachelor's, master's, and doctoral degree.
- Implementing international standards ISO 9001:2015 Quality management system, ISO 21001:2018 Quality management system of educational organization.

FOREIGN LANGUAGE TRANSLATION PROGRAM

Profession

Duration: 4 years

Total credit: 125

- Technical Translator (English)
- Technical Translator (Korean)
- Technical Translator (Japanese)
- Technical Translator (Chinese)
- Technical Translator (Russian)

Professional characteristics

- Learning bilingual languages
- Offering fundamental understanding of technical terms in mining, geology, food biotechnology, mechanics and architecture
- Conducting technical and verbal translations
- Studying research theory and analysis methodologies
- Gaining insights into cultural perspectives.
- Engaging in both foreign and domestic training programs.

Work place

- Technical Translator
- Foreign Relations Officer
- Translator
- Administrator
- Researcher
- Linguist
- Lecturer

STUDENT EXCHANGE PROGRAM

- Internship opportunities in both local and internationally funded companies and organizations operating within the technological sector.
- Conducting research in research institutes and organizations.

JAPAN

- Student exchange program in Bunkyo University
- Student exchange program in Hokuya University
- Work and travel program in Japan /1 year/

KOREA

- Student exchange program in Dankook University
- Student exchange program in Chungnam National University
- Student exchange program in Chonbuk National University
- Winter and summer exchange programs in Pacific Asia Society
- Joint program in Namseoul University

CHINA

- Joint internship in Shandong University
- Shandong University
- Baotao Teacher College
- Beijing Language and Cultural University

Preparatory course

Duration: 1 year

Total credit: 42

- English language
 - Korean language
 - Chinese language
 - Russian language
 - Japanese language
- ❖ Offer foreign language training for attending the world's top universities.
 - ❖ Prepare students for foreign student entrance exams at the world's top universities.
 - ❖ Prepare for government scholarship exams.

MONGOLIAN LANGUAGE PREPARATORY PROGRAM

Program characteristics

Duration: 1 year

Total credit: 37

- Provide Mongolian language preparation for international students

Program

Beginner

- Provide basic knowledge, and skills in conversational language within the contexts of school, daily life, and social-cultural settings.
- Familiarize with the history, traditions, customs, and culture of Mongolia.

Intermediate

Develop skills in drafting documents, reading and comprehending scientific texts, understanding professional materials, analyzing and interpreting content, and creating and transforming works.

Advanced

Compose and present research work in Mongolian.

GRADUATE PROGRAM

Master

1. Foreign language, Linguistics
2. Technical Translation

Duration: 1-2 years

Total credit: 33

The purpose of the program:

To prepare creative and competitive researchers with the theoretical knowledge of linguistics and advanced research methodologies.

Doctor

- Linguistics

Duration: 3 years

Total credit: 60

The purpose of the program:

To deepen theoretical knowledge in the field of linguistics, to write research papers on specific topics, and to prepare creative researchers who can make a real and tangible contribution to the field.

Academic knowledge

- To provide the theoretical and methodological knowledge of applied linguistics, professional terminology, translation and computational linguistics

Research skills

- Apply research techniques
- Analyze the research-based scholarly papers and literature review from critical perspective
- Analyze and critique the research-based papers and literature
- Publish research work to the public and implement the research projects
- Acquire academic writing skills to publish articles in international and national journals
